The Value of Catholic Schools

Catholic schools work with parents in raising and forming their children as families struggle with the changing and challenging cultural and moral contexts in which they find themselves. Catholic schools provide sound Church teaching through a broad-based curriculum, intertwining faith and culture. By equipping our young people with a sound education, rooted in the Gospel message, and rich in the cherished traditions and liturgical practices of our faith, we ensure that they have the foundation to live morally and uprightly in our complex modern world.

(Adapted from USCCB Statement on Catholic Education)

Though Catholic schools continue to be valued and successful; they still encounter numerous challenges. Assuring a high-quality education that is available, accessible and affordable to all Catholic parents is our goal.

Thank you for helping to make this dream a reality.
